Description

Strathroy\'s newest freehold townhomes are now ready for showings. The Clara, a stunning 1,800 sq. ft. townhome built to the Bakker Design & Build energy efficiency standards, boasts 9-foot main floor ceilings with tile and hardwood flooring throughout. The main floor is rounded out with a linear electric fireplace, a spacious kitchen with ample room for a dining table, and a 2-pc bath. The second floor features large bedrooms, an oversized laundry room, and a luxury primary retreat with a 4-pc ensuite and walk-in closet. These homes are far from builder standard! The unfinished basement, with an oversized window and roughed-in 3-pc bath, awaits your future finishes.
