Welcome to 183 Shackleton; a property that will take your breath away. As you arrive, you will notice a grand red-brick home built in 1905 that is full of charm and character with a front porch you could spend all day on. Upon entering the home, you will quickly notice a pride of ownership that you don\'t find often. The main floor features a parlour, formal dine, living room and large kitchen that has been lovingly renovated while keeping the charm of the home. The kitchen has a bankette and built in table; perfect for watching the sunrise with your morning coffee. Off the kitchen is a pantry with a prep sink and plenty of counter space. The main floor also offers a mudroom with access to the driveway and backyard, and a bathroom. The second floor offers 3 generously sized bedrooms and a laundry room (that could easily be converted back to a 4th bedroom). There is also a bathroom and water closet for functionality. Upstairs provides access to the large unfinished attic with high ceilings. The unfinished basement provides a built-in table, storage and an updated electrical panel. If you weren\'t impressed already, the backyard is an entertainer\'s dream. Once you step outside, you will see that this backyard has a place for everyone. The stunning, in-ground saltwater pool anchors the first part of the yard which also includes textured stamped concrete, deck, patio, and a hot tub with a fully automatic cover. The pool also features a built-in solar cover as well as a bench seat in the deep end that is perfect for those backyard parties. There is also a designated outdoor kitchen area and pool shed. Progressing through the yard, you will notice the meticulously maintained, raised gardens that are all set for the next owners. Heading further back, you will find plenty of grass space and a fire pit. There is also a large garage offering storage and a 2nd level to make your own.
