## Description

Nestled among mature trees in the welcoming community of Thorndale, this one-year-young, custom-built, two-storey home blends modern luxury with small-town charm. Offering 3 bedrooms, 3.5 bathrooms and a finished basement, this home showcases thoughtful design and custom craftsmanship throughout. The striking stone front exterior, wide garage bays and expansive concrete driveway create an impressive first impression. Inside, a bright, open layout features architectural archways, statement lighting, oversized windows and a dramatic staircase. Engineered hardwood flows throughout the main and upper levels, while quartz finishes elevate the kitchen, powder room, laundry and upper bathrooms. At the heart of the home, the stunning kitchen features extensive quartz surfaces, a eye catching backsplash and a butler\'s pantry. A dedicated mudroom with built-in storage adds everyday convenience. Upstairs, three spacious bedrooms,  each offer walk-in closets with custom cabinetry. Two bedrooms share a beautifully designed Jack and Jill bathroom, while the primary suite features a bright, spa-inspired 5-piece ensuite and an impressive walk-in closet with custom built-ins. The finished basement continues the home\'s attention to detail, offering large windows, a generous recreation room, additional bedroom, 3-piece bathroom and office/study.
